THE ONLY No-Under-Shadow Light

There's nothing misleading about that heading.

The Angle Lamp

In its effect, exactly like sunlight. It is, like the sun, up out of the way, and throws its clear, enjoyable light both outward and downward with no bothersome shadows to annoy or to spoil the lighting effect. There's no other light does that—no other light that has "NO-UNDER-SHADOW." But don't stop at that; look at the other features, too. With a minimum of expense, of trouble and of heat there is obtained a maximum of light and real satisfaction. Every annoying feature of gas, electricity, gasoline and acetylene is obviated. This tells the story of a great combination. It uses ordinary kerosene (or coal) oil—one quart in sixteen hours. Its light is more brilliant than gas or electricity, with no more heat—no smoke—no odor—no "drawing up"—no removing of globe or top to light—filled while burning.

THEO. H. DAVIES & Co., Limited,

The following is the inscription on a tablet designed by us and erected in Kawaiaho Church:

IN MEMORY OF

Elizabeth Kaahumanu, daughter of Keeaumoku and Namahana. She was born at about 1773 at the foot of the hill Kaula on East Maui; became a wife of Kamehameha I at thirteen, and was his favorite until his death in 1819. After the death of Kamehameha II in 1823, she wisely ruled the Hawaiian people as Queen Regent until her death in 1825. Although naturally proud and haughty she early in her Regency accepted Jesus as her Saviour, was baptized in Kawaiaho in 1825, and labored earnestly to lead her people to Christ. She was spoken of by the American Mission as "a distinguished reformer of her nation, a kind friend and benefactress of the Missionaries, and a faithful comforter of the infant churches in these isles." As she was falling asleep in Jesus at the age of about 59, in the beautiful valley of Manoa, just before the dawn of June 5, 1825, fully trusting her Saviour, she repeated the following lines of a valued Hawaiian hymn:

"Eia no au, e Iesu, e,
E nana oulu mai ia'u."
(Lo, here am I, O Jesus
Grant me thy gracious smile.)

Democrats Name Supervisors For the County Campaign

There are three Democratic candidates for county officers in the field. At a mass meeting in Waverly hall last evening the following Supervisors ticket was nominated:

Fourth District—Col. C. J. McCarthy
Fifth District—Frank Harvey.

At Large—F. J. Testa.
The hall was filled when Frederick Turrill of the Democratic Central Committee rapped for order.

Turrill stated that the Central Committee was of the opinion that success would perch on the banner of Democracy if a candidate in each district and one at large were nominated for Supervisors.

Would the Democrats present adopt the decision of the Central Committee or was anyone desirous of being heard in the matter.

C. W. Ashford inquired as to the reasons for this plan of the Central Committee. He favored two Supervisors in the Fourth District and two at large.

Ashford did not think the Home Rulers had any chance of winning at Nuuanu street. He thought the Home Rulers would be willing to adopt any suggestions of the Democratic party to help them out in the Fourth. He did not think the Home Rule party would object to this. There would be no fusion, as such, of Home Rulers and Democrats. Personally, he could not favor fusion. It was not necessary. It would be enough if the Democrats should make up a party ticket, depending on the Home Rulers to support it, and, if the Democrats did not attempt to hog the whole business they might get the whole Home Rule support. He thought there would be as good a show for two candidates as one in the Fourth. If the Home Rulers would refrain from doing anything in the Fourth, the Democrats would not do anything in the Fifth. They were all opposed to the Republicans; that should be the understanding. If the Home Rulers would not meet the views of the Democrats it would mean a Republican Board of Supervisors.

Ashford stated that, from a legal point of view, he thought the Fourth Representative District was not entitled to two Supervisors and two in the Fifth Representative District. The County Act provided five representative districts for Oahu and Ashford thought the Legislature had made a big mistake and failed to carry out its intentions. He believed that the Legislature meant to assign two to the Fourth Representative District, but assigned them to the Fourth District instead. The same was true with the other district. Ashford thought there would be litigation over the matter.

"If our own candidates are elected we need not raise the question," said Ashford, "but if the others are elected then we will certainly raise an objection."

Col. McCarthy, arguing for only three candidates, said certain Republicans were disgruntled over the nominations of Hocking and Gilman. If the Democrats put up one man in the Fourth, these disgruntled Republicans would prob support the Democratic nominee.

Ashford's motion for four candidates was lost and it was decided to have only three.

Dr. Noblitt moved that Permanent Chairman Turrill appoint a committee of five to draft a platform. It would not do to go before the public without a platform.

McGonigle wanted to reaffirm the last regular Democratic platform but the motion was lost.

Dr. Noblitt, Col. McCarthy, W. C. Wilder, R. H. Trent and J. H. Flynn, a recess being taken for the purpose, prepared the following platform:

Whereas, the Democratic party has always been the party of the people, which stands for good government, national, state and county government of the people, for the people and by the people, and

Whereas, in the Territory of Hawaii, county government is now about to be introduced for the first time, and it is important that it be started on only the best principles, with a view of promoting the greatest good of the greatest number:

Now, therefore, the Democratic party of the Territory of Hawaii in mass meeting assembled, declares in favor of an honest and capable administration of county affairs, and pledges itself to promote and perpetuate the great principles so successfully championed by its noble founders.

The Democratic party of Hawaii believes that the patronage of the government should be bestowed only on citizens of the Territory, or those eligible to become such, and we pledge ourselves to support citizen labor on all county public works.

The Democratic party pledges itself to stand for the good of the common people against all aggressors of monopolistic greed and corruption, and to strive to make of the county government of Oahu, a model of honesty and efficiency that will continue to demonstrate its right to the highest esteem it has always held in the hearts and minds of lovers of good government everywhere.

W. S. NOBLITT,

L. H. Dee named Col. McCarthy for Supervisor for the Fourth District and he received the unanimous vote. Called upon for a speech, McCarthy said he had a hard fight ahead but felt he would succeed with the support of the Democrats and his friends on the outside.

Thomas Lucas nominated Frank Harvey for Supervisor for the Fifth District. He was elected unanimously.

Harvey stated that he had just received word from the Home Rulers that they would not endorse him as Supervisor in the Fifth. He preferred to run as Supervisor-at-Large.

Ashford named E. A. McInerney, one whom he believed would receive the support of the business community, for Supervisor-at-Large.

J. McGuire put in nomination F. J. Testa.

The first ballot resulted as follows:
McInerney 19
Testa 15
Ashford 10
Scattering 3

Ashford's name was dropped and a second ballot taken, as follows:
Testa 29
McInerney 19

Ashford moved to make Testa's nomination unanimous.

McInerney withdrew and the vote declared unanimous.

Testa removed his coat amidst cheers and thanked his fellow Democrats, promising, if elected, to do his best.

Ashford, in a spirit of fun, moved to nominate a Governor and, carrying out the joke, himself named S. B. Dole.

BOOKKEEPER MILLIONAIRE.

New York, Sept. 11.—After an absence from his old home in Germany for nearly half a century Theodore Hamal, a bookkeeper who lives in Jersey City, has been informed by a St. Louis law firm that a sister in his native land has bequeathed him nearly \$2,000,000. Hamal ran away from home at the age of 18 and has not seen his sister or his friends since that time.

When a young man he lived an adventurous life, serving as lieutenant in Maximilian's army in Mexico.

A comrade who returned to Brunswick, Germany, told of seeing Hamal in St. Louis, where he formerly lived. This clue finally led to his discovery.

Dr. Shoop's RHEUMATIC CURE COST NOTHING IF IT FAILS.

Any honest person who suffers from Rheumatism is welcome to this offer. I am a specialist in Rheumatism, and have treated more cases than any other physician, I think. For 16 years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany which, with my previous discoveries, gives me a certain cure.

I don't mean that it can turn bony joints into flesh again; but it can cure the disease at any stage, completely and forever. I have done it fully 100,000 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottles Dr. Shoop's Rheumatic Cure. Take it for a month at my risk. If it succeeds, the cost is only \$5.50. If it fails, I will pay the druggist myself—and your mere word shall decide it.

I mean that exactly. If you say the results are not what I claim, I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be dragged to the verge of danger. I use no such drugs, and it is folly to take them. You must get the disease out of the blood.

My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met. And in all my experience—in all my 2,000 tests—I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the order. Try my remedy for a month, as it can't harm you, anyway. If it fails it is free.

Address Dr. Shoop, Box 331, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

COUNTY COMMITTEE

The Republican County Committee of the County of Oahu met and organized in Republican headquarters last evening. A. G. M. Robertson, as chairman, and B. P. Zablan, as secretary, of the county convention, presided. The committee got right down to work and chose the following as its officers and executive committee:

William Henry, Chairman.
J. Q. Quinn, Vice Chairman.
T. J. King, Treasurer.

E. C. Peters, Secretary.
Executive Committee: Samuel Johnson, Geo. W. Nawaakos, D. Douglas, C. W. Ziegler, Isaac Cockett, Andrew Cox, Horace Crabbe, E. W. Quinn and R. N. Boyd.

There were two nominations for chairman—Wm. Henry and J. C. Quinn. The former received 18 and the latter 6 votes. When the result had been announced, the election was unanimous on motion of Mr. Quinn.

Messrs. Quinn and N. Fernandez were both nominated for the Vice-Chairmanship. The former was elected and on motion of Mr. Fernandez, the election was made unanimous.

Mr. Fernandez was also nominated for the Secretaryship but he declined and E. C. Peters went in unanimously.

W. W. Harris was nominated for the treasurership with T. J. King but he declined and Mr. King went in unanimously.

In the neighborhood of twenty men were nominated for the executive committee. A recess was then taken and Chairman Henry picked out the nine members of the committee.

Previous to adjournment, the secretary was instructed to request the presence of county candidates at an adjourned meeting to be held Friday evening to discuss ways and means in connection with the oncoming campaign.

SHANGHAI TIMES VOLCANO.

The Manila Sun in the course of a story on Volcano Marshall's Shanghai career, closes as follows:

"Alas! for human glory! After writing the above I learn that the Shanghai Volcano is extinct. The lava belched forth on the heads of the English authorities in Shanghai, and the American Consul General set the Yangtze river on fire, and in the conflagration the Crater was asked to resign. I have a letter from one of the humble workers in the Times vineyard—or distillery; which is it?—which runneth thus: 'The game is up here. Volcano is fired; a bloomier lower-case time-jockey is in command of the Times, and—Ichabod! The glory has departed. No more the bristling headlines, the pungent paragraphs, the tabular inductive. We even give credit to those papers from which we steal. The Times is dead to all hope of individual ambition.' Now may we expect the Volcano back in Manila, or will he join 'ever faithfully yours, William Lane O'Neill,' in Tientsin?"

ENGINEERS DINE.

At the semi-annual meeting of the Honolulu Engineering Association last night, the following were elected officers for the ensuing year: R. J. Pratt, president; Geo. Denison, vice-president; T. H. Petrie, treasurer; G. Fred Bush, secretary; A. Gartley, F. W. Beardslee and E. E. Brown, directors.

After the meeting the engineers went over to the Young Hotel, where the semi-annual dinner was given. The tables were decorated in red and the menu was excellent. Mr. Kopke presided. There were in the neighborhood of sixty present.

After introductory remarks by the toastmaster, toasts were responded to by the following: G. P. Denison, A. Gartley, J. D. Avery and R. J. Pratt. The Tuxedo Quartet sang between the courses. Duets on the piano and English horn were given by Messrs. Wall and Bechpel and Mr. Beardslee sang a lullaby with chorus by the quartet.

DISASTROUS FIRE PREVENTED.

There came near being another disastrous Chinatown fire last night. A negro employed as watchman of one of the Winston buildings, discovered shortly after midnight that the wall of one of the buildings in the rear from River street of the big block of wooden buildings bounded by Hotel Pauali and River street, was burning.

He sent in an alarm but Chinese quarters in the vicinity used buckets of water on the flames and soon had them under control. When an examination of the place had been made, it was found that the fall of one corner of the building, starting at a point about three feet above the ground and continuing up about six feet, had been scorched. Beneath there were two empty kerosene oil tins. This gives rise to the supposition that the fire was of an incendiary origin.
